Sassy Sammie Sunshine

Sammie is a beautiful Palomino American Pony and one of Lone Oak's founding herd members, arriving in July 2019. Rescued from a severely abusive past where she was punished for not "cooperating," Sammie joined the farm as a horse in need of deep emotional healing.

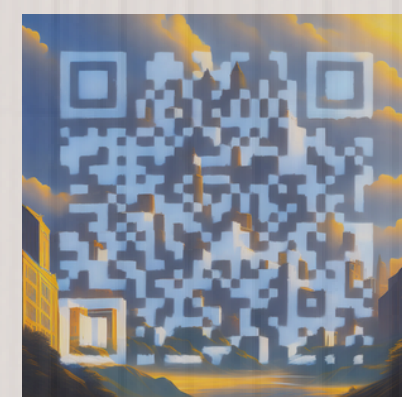

Her Journey of Trust:

- A Hard Past: Due to previous trauma, she arrived with defensive behaviors and a deep mistrust of humans, specifically regarding her ears and stomach.
- Patient Progress: It took years of quiet presence in her pasture to gain her trust. Today, she can be handled by most volunteers and is the first to whinny a greeting to visitors.
- Personality: True to her name, she remains sassy, curious, and fiercely independent. While she still protects her space and food at times, she has successfully relearned how to connect with her "human herd."
- Everyone at Lone Oak has a unique bond with Sammie, appreciating her exactly as she is—perfectly imperfect.

Huey

Baby Huey is an 18-hand Belgian Draft horse who joined Lone Oak in 2021. Despite his massive size and history as a hardworking plow and logging horse, Huey is known for his incredibly gentle and "goofy" soul.

His Journey to Safety:

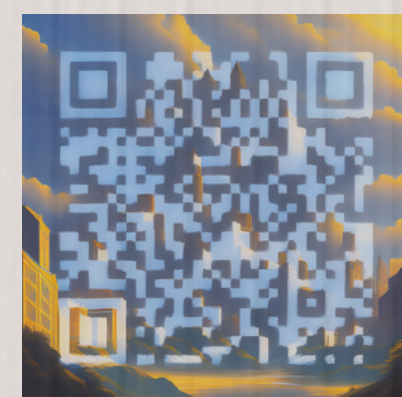

- A Difficult Past: Rescued from a kill pen, Huey previously worked in physically demanding roles before becoming a trail horse.
- The Turning Point: In a previous large herd, Huey's gentle nature worked against him; he was unable to compete for food and became dangerously underweight. He was eventually saved by the organization that rescued him.
- Life at Lone Oak: Since joining a smaller, more supportive herd, Huey's weight has stabilized. He has found a best friend in Atlas and has truly come out of his shell.

Personality: With "feet the size of dinner plates," Huey is a true gentle giant. He is often the first to welcome community members to the barn and is beloved for his kind, social, and playful personality.
